ABOUT THE ARIZONA BURN FOUNDATION

For more than 50 years, Arizona Burn Foundation has provided high-quality support programs for children, adult burn survivors, and their families. Two Maricopa County surgeons — Dr. MacDonald Wood and Dr. William Price — and attorney George “Fritz” Randolph established the Foundation in 1967. Ever since, we’ve collaborated with organizations, communities, medical professionals, burn centers, and hospitals across the state to ensure that anyone who suffers a burn injury receives the highest standard of care and assistance. What’s more, we help burn survivors reclaim their identity and that our work is instrumental to their holistic recovery. Burn and fire safety starts with prevention and education. Through our two signature programs Milo & Moxie: Smart Safety Rangers™ and Community Smoke Alarm events, we bring positive and proactive change that saves lives!

WHY

Burns are life-changing, you are life-giving. Burn treatment and recovery take a community. When families who have been through similar trauma come together, they are able to find peer support, comfort, and advice. The Arizona Burn Foundation provides families the opportunity to find strength from one another as they share their triumphs and challenges! To help families continue to thrive, we’re gathering once more for the Western Region Burn Conference. At the Western Region Burn Conference, you’ll discover a world of opportunity and leadership within burn care!
